

Awards for the New IPs

It's All About Girl Voices and Choices

This is an exciting opportunity to explore some new approaches and award formats. The new Interest Projects (IPs) feature choices like pins, patches, charms, and certificates! All are official Girl Scout insignia.

The awards for the new IPs are the product of girls' feedback—some of them were designed by girls and all of them incorporate contemporary elements girls asked for!

Two of the IPs ("[In the Pink](#)" and "Home Is Where the Heart Is") offer a choice between a **patch**, a **charm** or a **pin**.

Certified

All of the IPs offer a choice of a **patch** or a **certificate** (suitable for framing or a portfolio). Girls' accomplishments can be recognized with a certificate as a stand-alone award or as an additional award. The certificate is designed so it can be awarded not just for the new IPs—but also for *any* IP earned.

The awards are available for purchase from your local Girl Scout council shop, the online [Girl Scout shop](#) or from National Equipment Services ((800) 221-6707).
